The Alaska State Library strongly supports continuing education for librarians, a profession of knowledge workers devoted to providing information in multiple formats to users. We inhabit a world of change and libraries are not exempt from these forces.

Read [Why CE Matters to Your Community](#) to learn more.

*“Wow there are a ton of great webinars to sign up for, which I have done. Hopefully some of my staff will see the benefits and sign up also.”*

*Beth Skow, Director of Palmer Public Library*

**Q: How do I find out about upcoming continuing education webinars, workshops and conferences?**

A: The Library Development Training & Continuing Education calendar has information on upcoming continuing education events of particular interest to librarians. Access the calendar from the [Library Development webpage](#) or go directly to the [calendar](#) to view all of the offerings.

**Q: How do I register for a webinar on the calendar?**

A: Click on the **Show all events** link to view an expanded list of continuing education events. Once you select the title of the event you are interested in attending a new window will open with additional information about the webinar. A registration form will appear, if the event is being facilitated by Alaska State Library staff. Otherwise there will be a link to a webpage with more information and instructions on how to register for the class.
